

SHIELD CURTAINS

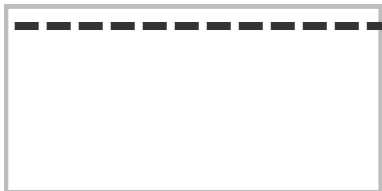

SHELTER ACCESSORY

DESCRIPTION

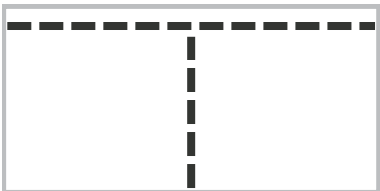

Curtains are an interior tent accessory.

The set can be used to create multiple zones in the tent, and is installed on a cable system for easy opening and closing.

For non-medical applications the Curtains are made of a breathable poly-cotton. For medical applications, the Curtains are made of a fire retardant PE according to the CPAI 84-section 6 standard. The PE version is easy to clean and disinfect.
