

SHIELD FLOOR

SHELTER ACCESSORY

DESCRIPTION

The Floor is an interior tent and connector accessory.

The Floor is modular, disinfectable, durable, and no tools are needed for installation.

Being made of high-impact PP with UV inhibitors, the Floor is resistant to hospital movement and can support forklifts. Edge pieces, ramps, and colour-coded transition pieces are available upon request.

COLOUR AND MATERIALS

COLOUR	TRANSITION/RAMPS	MATERIAL
Light Grey 	As preferred	Polypropylene

PACKAGING AND SHIPPING
