SHIELD SLEEPING BAG

CAMP SUPPORT

DESCRIPTION

A Sleeping Bag is unisex, has a mummy shape, and is suitable for users up to ~ 198 cm. It has an elasticity rate of 700 cuin. The product is free from perfluorinated chemicals and is RDS Certified.

The Sleeping Bag is waterproof, has a smooth and durable YKK® zipper, and can be compressed for storage. The integrated insulation compartments prevent fill displacement. It additionally features an anatomically shaped hood, an internal pocket to store essential items, and insulated hand pockets. Fixation loops can secure the sleeping bag to a sleeping pad.

The temperature range is as follows:
Temperature Rating: 35°F/2°C
Extreme: 11°F/-12°C
Comfort 45°F/7°C
Limit: 37°F/3°C
